Dear Colleagues:

Just a quick update on faculty senate responses to the current crisis.

1) If you were unable to attend the faculty town hall meeting, here is a link to the student town hall meeting with the president, provost, and COO.

Town Hall

---

2) The faculty senate steering committee held emergency an meetings last week Friday from 11-1 and the council held an emergency meeting this week Tuesday from 2-4pm. Please see the email below and documents for an agenda proposal, draft motion recommendations, and a brief note on the justification for the agenda of the council meeting.

3) The council is trying to get an idea of what faculty, staff, and students are going through across campus. For COAS, I hope to present regular reports to the faculty senate of what is happening in our college during this crisis. I know all COAS faculty are trying to do what they can to keep our professional integrity regarding research and teaching in very difficult circumstances. But I am making a request to you - (if you have time) please send an email to me documenting your difficulties in this crisis? Pictures of damage, pictures of students and faculty bundled up in cold classrooms, double/triple booked classrooms, description of lost research documents, lost research opportunities, etc. If everything is great, please send that too if you would like.

My email is [maralfred@howard.edu](mailto:maralfred@howard.edu)

I will share everything that I'm sent by you in my reports to the council.

4) I've requested access to the COAS email list but I haven't been given access. If this email has gone to you in error, please accept my apologies. Also, if a COAS colleague didn't get this email, please share.

Respectfully,

Marcus

**Subject:** Outcomes of council meeting

Hi Prof. Wright:

I had to leave the meeting at 4pm, but I wanted to find out/confirm the outcomes of the council meeting. The items on the Document "Summation of Steering Committee Suggestions of Council Review" (see attached) are all adopted in addition to the vision conference suggested by Prof. Carr, and the 4 points that were made by Prof. Walters?

If so, will there be minutes that indicate these were adopted?

In addition, is it safe to assume that reports (from reps and trustees) that we had prepared but were not discussed will be included in the record as well?

I've included the draft agenda listing the steering committee generated and the justification email I circulated with it too.

Thank you,

Marcus
