Dr. Alfred,

The minutes of 2.2.18 include the revision from the 3.23.18 meeting which include the addition of Dr. Tibits name to the attendees list and the inclusion of the paragraph from statement #1 of your agenda items in a motion to present to the president (re: the boiler issue). Your list of agenda items were included with the minutes but were not recorded as action items.

Subject: Faculty Handbook disagreement during steering committee meeting today - 7/31/18

Good afternoon Dr. Sobrian:

I just wanted to confirm what you said in the steering committee meeting today regarding a position that was adopted by the council during the council meeting of 2/2/18.

You said in the meeting today that "the position wasn't in the minutes, so it didn't happen."

Please correct me if I am wrong. The position we are discussing is the following:

12. Handbook

Statement: The FSC strongly recommends the following orderly process to inform, analyze, debate and make a decision on handbook changes:

- a. Finish and distribute an alignment spreadsheet of proposals**
- b. Get feedback and reports from FS committees on changes and their impacts.**
- c. Get feedback and reports from colleges and schools reps on changes.**
- d. Post all feedback online and allow time for comment from faculty**
- e. Steering committee/council votes after all the above.**

Outcomes: Published FSC statement in minutes. alignment spreadsheet, reports/feedback, central

location for comments.

How done? Simple vote by council. Inform administration and BoT. Charge to committees.

Feedback/reports from committees and reps.
