Subject: Language from council meetings

Colleagues:

It's good to know that all the 14 statement have been adopted by the council.

Here is the language modification from the last two times the council has met (as far as i can remember). If i've missed something please let me know.

The modified language from this afternoon:

1. The FS council requests representation in assessment, deliberation, and planning involving the boiler/pipe crisis. The cost of the boiler pipe crisis and the insurance coverage to repair it is a matter relevant to all members of the University community. The University should be transparent about this information by either publication or meeting with the faculty senate council. Members of the Faculty Senate Council, not including chair and Officers, should be selected to serve on the bodies deliberating on this matter (Timeframe: Feb. 16, 2018). The administration should provide Steering Committee of the FSC with a resolution not to cover the shortfall by selling University assets or terminating faculty unless a transparent discussion among the University community is had.

2. The FS council requests that the following firm dates be set:

- *All college, school, and departmental budgets be delivered by April 1 for the following academic year.
- *Guaranteed 5 year TA positions awarded by September each year for the following academic year.
- *Colleges, schools, and departments get guaranteed number of university scholarships by September each year for the following academic year.
- *TA's, scholarships, fellowships, etc. are credited on time for the 1st day of classes.
- *Loans are credited to students before the first day of classes.

In addition, there will be annual tracking and reporting of when budgets are delivered, when TA's are awarded and quantity, when scholarships are awarded and credited, and when loans are credited.

Finally, there will be coordination with the BAC on the reasons for variances from these dates.

6. The FS council requests that approved personnel access (if faculty cannot get access) condemned buildings to retrieve hard drives, books, documents, etc. before discarding these often irreplaceable objects. Some needed research and teaching materials may be recovered.

7. The FSC requests the administration provide a blanket one-year extension to the tenure clock for all pre-tenure faculty. In addition, graduate and professional students may have had research, dissertation writings, and training impacted by the current crisis. The FSC requests the administration provide a blanket one-year extension to all graduate and professional students' requirements.

Marcus
