Good afternoon. We are currently considering the option, weighing the potential impact, if this should be exclusive to undergraduate programs, impact on scholarships, Faculty Senate opinion, etc. I am awaiting an assessment also from the Deans. Thank you.

Good afternoon Dr. Wutoh,

The position is supported by the officers of the senate at this time. The council is considering several HUSA proposals including this one, however, there is not yet a prevailing opinion. I expect that I can give an opinion and recommendation from the council on Tuesday.

Is there an opinion from the administration and board that you'd like me to forward to the council?

Thanks,

Subject: Request from the Student Association

Dr. Alfred,

Good evening. I am in receipt of a request from the student association to consider a pass/fail option for undergraduate students secondary to the COVID-19 crisis, and transition to online instruction. In their email to me, they included the comment below;

"As the microphone for student voice we are compelled to share that students, faculty, and professors are all struggling at this time. So much so that the Howard Faculty Senate is supportive of this proposal as well per communication with Dr. Marcus Alfred....."

As we consider the request from the students, is their referenced support of the student request endorsed by you personally, or is this reflective of a position of the Faculty Senate?

Thank you.
