#ReOpen DC Advisory Group Recommendations to Mayor Bowser 5-27-20.pdf;

Dr. Alfred,

Good afternoon. I am sure you are aware of the Mayor's plan to relax components of the Stay at Home Order, and move the District into Phase I of the re-opening plan. Universities are not included until Phase II of the plan, which I have attached. We are awaiting additional guidance from DC Government and the Department of Health. The University Taskforce is already engaged, and taking into account the District recommendations and gateway guidelines. Please note Mayor Bowser's indication that University re-opening plans will have to be approved by the District government. We are also awaiting details regarding what this approval might entail. Thank you.

MAYOR BOWSER TO LIFT DISTRICT'S STAY-AT-HOME ORDER ON MAY 29, 2020 AND PHASE ONE OPENING GUIDELINES

During today's COVID-19 situational update, Mayor Bowser announced that the existing stay at home order for the District of Columbia which would have expired on June 8, 2020 will now be lifted starting Friday, May 29, 2020.

During Phase 1 of the District's reopening, people living in, working in, and visiting Washington, DC are no longer ordered to stay at their residences. Individuals must continue to follow social distancing guidance and gathering of more than ten (10) people are prohibited. Additionally, Nonessential retail businesses may open to customers for pick-up and delivery, food establishments may open for outdoor dining, and hair salons/ barbershops may open by appointment only. For a complete list of non-essential businesses that will remain close during Phase 1 please click the link below or download the full Mayoral Order linked below.

Don't Forget to Take The Work Wellness Survey

In partnership with the DC Department of Health (DC Health), the DC Chamber requests your assistance in completing a work wellness survey to support our new initiative. This survey, based on the CDC Worksite Health Scorecard is designed to help employers assess whether they have implemented evidence-based health promotion interventions or strategies in their worksites to improve the health and well-being of their employees. The survey takes about an hour to complete and will allow the DC Chamber and DC Health to get a baseline understanding of the wellness landscape for employees in
