Good morning Dr. Frederick,

I'm sending this email regarding funds that are appeared to be either delayed or missing and there appears to be no movement on the part of the administration to resolve the issues.

- (1) The FS budget was dramatically reduced and the funds we do have, apparently we can't spend. See 3.3.21.b.pdf
- (2) Google wired a \$25K donation on 12/2/20 for instruction using machine learning in embedded systems for a class this semester. 3 months later, it appears the money is unaccounted for in HU's system. See 3.3.21.d.pdf and 3.3.21.a.pdf.
- (3) The Jet Propulsion Lab (JPL) awarded HU a contract for DTN work in August 2018. Part of the award was to pay summer salary for Dr. [REDACTED]. It appears that 3 years later he still has not been paid. See 3.3.21.c.pdf.

I would hope that these issues can be resolved soon.

Thank you,

Marcus Alfred
