Dr. Alfred,

Good morning. It can be found in the Bison Safe app, which will redirect to the website below;

<https://howard.edu/pandemic-response/testing-and-protocol>

It is currently framed under the context of a positive test, but faculty can email the negative test results as well to HUEmployeeFPP@howard.edu. That section of the protocol is provided below ;

"Any faculty or staff member who tests positive for COVID-19 outside of the campus should report the information in one of the following ways:

1. To the employee COVID-19 testing center in room 3600 of the Towers Building (Faculty Practice Plan) by calling (202)-865-3765 or emailing HUEmployeeFPP@howard.edu; "

We will repeat in future communications. Thank you.

AKW

Subject: Faculty weekly COVID tests

Good morning Dr. Wutoh,

I've searched for the written guidance (uploads etc.) for faculty members that are getting tested for COVID each week outside of HU, but haven't found it. Would you mind providing again the link or email that has that information?

Thank you,

Marcus Alfred
