Dear Colleagues,

As you may be aware, a number of HU alums filed a lawsuit in the D.C. Superior Court on December 13, 2021.

Their claim is consistent with the vote taken by the council earlier this year to work with alums and students to reinstate the affiliate HU trustees - including faculty affiliate trustees. As faculty have indicated to the HU Board of Trustees, until they listen to the faculty and, among other things, transition to new HU administrative leadership, they can expect more crises with increasing severity.

Respectfully,

Marcus Alfred, Chair
HU Faculty Senate
