Dear Colleagues,

The union faculty are moving forward with a potential strike. They've produced a video and have asked tenured / tenure track faculty to sign a letter of support for them. Please take a look and consider signing? This is consistent with the affirmative council vote in support of the union proposal. I think that council members signing the letter can provide much needed empathy and ethical leadership. Just my opinion.

Also, please consider what else the senate should or shouldn't do in support of our colleagues?

Take care,

Marcus
