Dear Colleagues,

Please consider signing a letter of support for the non-tenure-track (NTT) faculty; the link to the letter is below. The letter is consistent with the affirmative HU Faculty Senate Council vote in support of the union proposal. The tenured and tenure-track faculty members signing the letter are providing much needed empathy and ethical leadership. Please find updates and emails about what's been happening with the union/administration negotiations attached.

A video of the reasons why some have joined the NTT union is available here:
